

ELRIG (European Laboratory and Robotics Interest Group) and SLAS the (Society for Laboratory Automation and Screening) are now preparing for the Fifth Annual Drug Discovery Conference to be held at Manchester Central on 7th & 8th September 2011.

Speaker Sessions

1. GPCR Drug Discovery
Session Keynote: Stephen Liggett, Maryland University
2. Assay Development & Screening
Session Keynote: Richard Eglén, Corning
3. Biological Sample Management
Session Keynote: Pasquale de Brasio, ISBER
4. Safety Profiling in Early Discovery
Session Keynote: Peter O'Brien, UCD
5. Enzyme Drug Discovery
Session Keynote: Richard Bickerton, Dundee University
6. Robotics & Automation
No Session Keynote: Additional Speakers in this Session
7. Cellular Imaging Technologies
Session Keynote: Mike White, Manchester University
8. Cell Systems for Drug Discovery
Session Keynote: Chris Kendrick-Parker, Cellular Dynamics
